

HORTICULTURE

Superintendent: Mindy Sherrib

All entries must be grown by the exhibitor.

No artificial flowers or foliage will be permitted

Exhibitors may enter only **one (1)** entry for any **Lot** and only **three (3)** entries for each **Class**

Each flower is to have foliage attached or include the foliage.

On exhibitor form, please include the name of the flower, if possible.

The number of flowers required for each exhibit can be found in parentheses after each flower type.

Anything submitted in a pot, will be considered as a potted plant.

Vases will be provided for cut flower entries. Plates will be provided for small vegetables and fruits.

JUDGING criteria is based on the overall health, shape and condition of the exhibited.

DEFINITIONS:

- Bloom:** an individual flower, one blossom to a stem.
Spike: a stalk carrying many stem less or nearly stem less flowers.
Spray: a portion of a plant with a number of flowers on it.
Stem: a stem with one or more flowers
Disbudded: removal of the lateral buds along the stem of the flower.

FLOWER HINTS FOR EXHIBITORS.

Cut flowers in the late afternoon of the day before, or early morning, the day they are to be exhibited. Place immediately in deep lukewarm water. Keep out of drafts and in a dark place.

Select material in its prime and make sure it is pest free.

Remove extra buds, faded blooms and wilted petals

Clear dust and spray from leaves with cleansing tissue. Petals may be gently wiped.

Roses should have a healthy stem, be shown with foliage, and blooms should be one-third to one-half open.

Disbud tea roses.

Gladioli should have four to seven florets open; long, stiff straight stem; and one leaf.

When exhibiting two or more blooms, all should be the same size.

CLASS A – Annuals, Cut (Plants that return only by re-seeding, or those that do not generally survive our winter weather outdoors)

Lot Numbers

- | | | |
|---------------------------|--|--------------------------------------|
| 1. Alyssum (3 sprays) | 8. Marigolds (3 blooms /leaves) | 11. Snapdragons (3 spikes) |
